

MEATHEAD THE BARBARIAN

IN

LAIR OF THE LIZARD WIZARD

Meathead the Barbarian is on a quest to defeat the nefarious Lizard Wizard. He is accompanied by his friends and fellow adventurers Gabriella the Rogue and Mojo the Magician.

The party stops at an abandoned village. Suddenly, the group is attacked by a horde of mutant weirdos. It seems that the Lizard Wizard has turned the entire village into monsters! Gabriella sneaks around the monsters while Mojo casts a Levitate spell on himself. Meathead is forced to fight the entire horde of 246 mutants himself! How long will it take for Meathead to win the battle if he is clobbering monsters at a rate of 6 per minute?

As the group closes in on the Lizard Wizard, they come across a small fort filled with goblins. While Meathead attacks the goblins, Gabriella sneaks in and steals the goblins' treasure of 720 silver pieces! Mojo casts an Invisibility spell on himself and enjoys a light snack. After the battle, Gabriella shares the treasure with the rest of the group. She gives Meathead and Mojo 55 silver pieces each and keeps the rest for herself. How much loot did Gabriella wind up with?

As the adventurers slog through the swamp surrounding the Lizard Wizard's Lair, they are faced with the menace of the Stinking Tentacles of Doom. Mojo is becoming bored and decides to hurry things along by casting "Big Blast." He rolls a handful of dice and gets five 6s, four 5s, two 4s, three 3s, and a 1 for damage. The Tentacles have 42 hit points. Did Mojo do enough damage to defeat the Tentacles?

At last, it is time to confront the Lizard Wizard in his lair! The Wizard is annoyed. He was just sitting down to relax after a long day of wizarding. He invites Meathead to enjoy a chicken dinner before they do battle. Little does Meathead know that the Wizard's table can produce an unlimited amount of chicken. Meathead gorges on 22 five-pound chickens until he collapses. How many pounds of chicken did Meathead devour?

Gabriella and Mojo settle down with the Wizard to watch some TV. Meathead snores happily. It looks like everyone wins in this adventure!
