

SCHOOL DAZE

It is Cerebusaurus's first day of school. Things are not going well...

Cerebusaurus's three heads are talking to each other in class.... AND using inappropriate language! He gets 15 minutes of detention for each inappropriate word he says. How much detention will Cerebusaurus get if he uses 24 inappropriate words? Be sure to include hours and minutes!

Cerebusaurus thinks it would be a good idea to chew gum in class. He decides to chew an entire carton! There are 144 sticks of gum in a carton. If he gives an equal amount to each of his 3 heads, how much gum will each head get?

The teacher asks Cerebusaurus to bring her some thumb tacks from the supply closet. As he is returning, he drops the gigantic box of 12,000 tacks. They go scattering all over the place! The teacher is forced to halt class in order to pick up the mess. Unfortunately, only 7014 of the tacks are recovered. How many of the tacks are still missing?

Oh my! Cerebusaurus started a gigantic food fight in the cafeteria! After it is all over, the staff picks up 304 hot dogs that were thrown during the fight. Witnesses say Cerebusaurus threw half of them, and that the 8 kids eating lunch at the time threw the rest. How many hot dogs did Cerebusaurus throw? How much did each kid throw on average?

Cerebusaurus pushed things too far and has been suspended for 3 weeks! School is 5 days a week for 6 hours per day. How many hours is his suspension for?
