

# Woger and Wowena's

## Wabbit Wace

It's Wabbit Wacing season! The big wace is only 128 hours away! Woger and Wowena will need to weady their wabbits! How many days do Woger and Wowena have to work? Write your answer as a mixed fraction.

Woger's wabbits are lazy! It takes them 30 minutes to wun around the twack. Wowena's wabbits can wun faster! They can wun around the twack in 20 minutes. How much further can Wowena's wabbits wun in 1 hour?

Wowena's wabbits wun and wun. They wun 12 miles a day! How many miles do all 15 wabbits wun in a week?

Woger's wabbits want water! They wait and wait. If Woger's wabbits wait for 160 minutes, how many hours do Woger's wabbits wait for water? Write your answer as a mixed fraction.

Woger's wabbits wolf down the water! They dwink 1 ounce of water per minute. How much water will all 12 of Woger's wabbits have dwunk after 22 minutes?

We all want wabbits! Woger and Wowena are giving away wabbits to good homes. They have 36 wabbits to give away. They want each home to take two wabbits so that each wabbit will have a fwiend. How many lucky homes will get new wabbits?
